Our Challenge: The Need for a Permanent Home

Current Limitations

- ♦ Reliance on rented or borrowed fields, leading to unpredictable availability.

 - Changing rooms
 - Classrooms
 - Kitchen facilities
 - Proper training spaces

This unpredictability hinders our ability to consistently deliver and expand our vital programs.

The Opportunity: Our New Youth Empowerment Centre

Our piece of land

Our dream centre design

After 15 years, we've secured 8 acres of land in the heart of Arusha for our own Youth Empowerment Centre. This will be more than just a facility; it will be a beacon of hope and development.

This Centre will provide

- ◆ A permanent home for FSA activities, ensuring stability and consistency.
- ◆ A vibrant hub for physical, mental, and social growth for thousands of young people.
- ◆ A safe and nurturing space, protecting children and young adults every year.
- ◆ State-of-the-art football pitches and dedicated educational classrooms.
- ◆ **Creating a Safe Space for girls and women to be active**
